The city has been dry now six years. The tax rate is lower, the city is cleaner and infinitely better than when saloons were in operation. There is a surplus every year in the treasury. Since the saloons went out five miles of street paving has been laid and contracts are now out for two miles more to be laid this spring, and for ten miles of granitoid sidewalks. How to Cure Chronic Colds and Bronchitis

Bluevale, Ont., May 4, 1910. "I was sick for two years with a chronic cold and bronchitis and a consequent run-down condition. I received no benefit from doctors, and had to give up work. VINOL was recommended and from the secand bottle I commessed to improve I gained in weight and strength, my cold and branchial trouble disappeared, and I am at work again. I want to recommend VINOL to anyone who is in need of such a medicine."-THOMAS HIGHINS.

It is the combined action of the curative elements of the cods' livers nided by the blood making and strength creating properties of tonic iron contained in VINOL which makes it so successful in curing stubborn colds and bronchitis.

VINOL is a constitutional remedy for chronic coughs, colds, bronchitis and pulmonary troubles, not a palliative like cough syrups.

Try a bottle of VINOL. If you

don't think it helped you, we will return your money.
